Bob Coppage, Phil Coppage, W. H. Johnson and W. F. Schade of Caruthersville, accompanied by H. T. Bilderback of Kennett was in this city Monday looking over the Modern Gin property, and will probably buy it. If so they will erect a modern elevator to take care of the coming corn and wheat crop. Mr. Bilderback is agent for this gin in this city.

M. V. Receiver Appointed.

Monday afternoon Judge Sterling H. McCarty appointed Wayne Ponting of Steele as the receiver of the Mississippi Valley railroad, which runs from Tyler through Steele to Dolph, in Pemiscot county. The receiver is to file a good and sufficient bond in the sum of \$10,000 on or before the 15th day of May and he will then enter upon his duties.

This railroad has not been operated for several months and the failure to operate trains has caused a great deal of inconvenience to many citizens in the south part of our county. It is understood that the receiver will run daily motor car service and will run the necessary freight trains if the proper financial arrangements can be made. The people of that part of the county will all be glad that there is a chance of again having train service on the road as a large number of our citizens will benefit thereby. --Twice-A-Week Democrat.

Mrs. John Wright of Chaffee came down this week for a visit with Mrs. W. P. Meatte.

Everything in shoes but feet, at Buckley's.

Miss Nelle Morgan and Miss Anna McClure of Kennett were in this city Sunday visiting their friend, Miss Naomi Hall, the popular operator at the exchange.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The distinctive flavor of Budweiser comes from the genuine Saazer Hops used exclusively in making it. Its food value comes from fine, nutritious malt. Brewing and brewery cleanliness and pasteurization give it its germless purity. Few other beverages offer you as much as this in food value--no other food (liquid or solid) offers you more than this in purity and wholesomeness.

FALSTAFF
"The choicest product of the brewer's art"

owes its delectable flavor to both Science and Nature. Perfect grains, the gift of sun and soil and quickening rain, are the raw materials; and these are transformed by Lemp brewing, the result of 75 years' experience, into the sparkling, gold-hued beverage which never disappoints the most discriminating taste.

Beer is a food. Bread and beer are made of the same materials: cereals, yeast and water. Bread is solid; beer is liquid--both are highly nourishing. Physicians prescribe beer to produce energy, build tissue and strengthen nerves.
